Reach More Students Through Virtual Learning With EdOptions Academy

K-12 student-centered virtual learning

To meet the needs of all learners, providing virtual learning options is a necessity. EdOptions Academy is a fully accredited Kindergarten through career online school that pairs Edmentum’s award-winning Courseware and Calvert Learning curricula with certified teachers, expert program management, and holistic student and instructional support services to help educators meet the needs of more learners.

Retain enrollment with a virtual school that meets learners’ individual interests, schedules, and goals

Offer alternative pathways to graduation for students who have struggled to thrive in the traditional classroom

Address staffing shortages with accredited core and elective courses led by certified teachers

Maximize school resources by partnering with Edmentum to provide fully virtual courses and instructional support services

In 2019, students enrolled in EdOptions Academy courses **maintained a 92% course passing rate**. This success starts with strong relationships—95% of students say their EdOptions Academy virtual teacher cares about their success.

In addition to partnering with schools to provide virtual school options, EdOptions Academy also offers instructional support services to help your teachers become experts in virtual teaching and learning. Edmentum’s mentoring program provides teachers the support and training they need to teach successfully in a virtual setting. The program includes access to Edmentum’s digital curricula, a professional learning community, small-group cohorts, and ongoing mentoring with master virtual teachers. To help your teachers scale up to support more learners, EdOptions Academy also offers grading assistance—subject-matter experts with instructional experience provide meaningful instructional feedback and grading to virtual students.

Growth

We know that not every student learns in the same way and at the same pace. Edmentum puts individual student growth first - giving students the tools to take control of their own academic journey while providing educators insight to facilitate targeted support.

Assessment

Our products come with rigorous assessment options, including diagnostic assessments, online tests, high-stakes test preparation, and more. The testing options can help you pinpoint exactly where students are at in their learning.

Research

All of the product developments we make are fuelled by your opinions, feedback, and research. Our research papers and case studies will help you gain a deeper insight into our success in supporting schools around the world.

Curriculum

Edmentum programs are aligned to globally recognized standards. Our products encompass and address a vast array of courses and subjects (over 600) and are fully aligned to curriculum standards.
